President Gives Okay to House Rights Measure

WASHINGTON (AP) — Republican congressional leaders said today President Eisenhower is satisfied with the civil rights bill passed by the House and the measure shaping up in the Senate.

The statement was made at a White House news conference by Sen. Everett M. Dirksen of Illinois, the Senate GOP leader, and Rep. Charles A. Halleck of Indiana, House Republican leader. They had just had their weekly meeting with Eisenhower.

Dirksen expressed hope that the Senate, which has been debating civil rights about eight weeks will reach a final vote on its measure tonight.

However, at the Capitol, Senate Democratic Leader Lyndon B. Johnson of Texas told reporters he saw no chance for a final vote before later in the week. He declined to predict when the windup might come.

Johnson said there were many proposed amendments still pending and that debate and voting on them would rule out any chance for a final vote today.

Senate passage of the bill would send it back to the House for consideration of Senate changes.

Both Dirksen and Halleck said they look for the House to accept the Senate amendments and to thus avoid sending the separate House and Senate bills to a conference committee.

The main provision of both bills would set up a system of voting referees in an effort to safeguard voting rights of Negroes. The President originally had asked Congress to approve a much more far-reaching civil rights measure.

Asked whether Eisenhower is satisfied with the bill as it now stands, Halleck and Dirksen replied in unison: "Yes."

Johnson and Dirksen are in agreement the bill should be passed in about its present form. They apparently have the votes to bar any major change.

In a 10-hour session Monday the Senate beat down four attempts by ardent civil rights supporters to write in broadening amendments.

Tabled, and thus killed, by decisive votes were amendments to: 1. Provide for federal enrollment officers, as well as the voting referees provided in the bill, to register Negro voters in areas where a pattern of discrimination is found to exist. Killed 58-26.

2. Knock out a requirement that after a federal judge has found a discrimination exists, Negroes must try to register with state officials before applying to the court-appointed referee. Killed 52-38.

3. Give the attorney general broad news powers to intervene in school integration and other civil rights cases. Killed 56-34.

4. Provide aid to school districts working to end school segregation and to put Congress on record as endorsing the 1954 Supreme Court school decision. Killed 61-30. Still undetermined was whether Southern senators would filibuster to delay final passage of the bill once all amendments have been acted on.

Arkansas River Funds Also Asked

By GORDON BROWN

WASHINGTON (AP) — An Arkansas-Oklahoma-Kansas delegation today asked Congress to take

some big steps forward in a program aimed at providing an Arkansas River navigation channel.

The group, appearing before a House Public Works Appropriation subcommittee, urged Congress to go beyond President Eisenhower's budget recommendations for the year beginning July 1 and approve initial funds for two more big dams on the stream and for two navigation locks and dams.

It also seeks a program of bank stabilization work that would make the channel permanent.

Congress has authorized an over-all Arkansas River development program that includes a 9-foot navigation channel. The channel would extend upstream to the vicinity of Tulsa.

Although various flood control dams and some emergency-type bank stabilization work has proceeded, little has been done in the way of permanent features for the navigation program.

About the only major navigation feature in progress is the big Dardanelle navigation-power dam between Little Rock and Fort Smith.

In addition to budget recommendations for the river program, the three-state delegation asked that Congress:

1. Increase the five-million dollar emergency bank stabilization fund in the budget to nine million and make it a permanent stabilization program.

2. Approve \$390,000 in planning funds for the first two lock and dam projects—one near the mouth of the Arkansas River, the other a few miles below Little Rock.

3. Approve whatever planning funds are needed for the Ozark Mountain Dam upstream from Dardanelle, and \$120,000 in planning funds for Short Mountain Dam, Okla.

Heading the three state group was Clarence F. Byrns, Fort Smith editor and president of the tri-state Arkansas River Assn.

Byrns introduced spokesmen for the three state groups who discussed the individual state programs.

State spokesmen were Emmett Sanders, Pine Bluff, Ark., Gladys Kirkpatrick, Tulsa, Okla., and Frank W. Liebert, Coffeyville, Kans.

School and Labor Census Being Taken

The annual school census and a labor survey will be taken in Hope District 1A starting today, it was announced by Supt. James H. Jones. The census is being taken in cooperation with AIDC, the Employment Security Division and the Chamber of Commerce.

Doing the actual work will be the Hope Band Mothers Auxiliary with part of the financial cost being paid by the C of C and industrial groups. In all probability the Yerger Band Mothers will take the Negro Division Census, Mr. Jones said.

Complete cooperation of the public was urged as the census, school as well as industrial, is very important.

SS to Be Broadened

LITTLE ROCK (AP)—The federal Social Security program will be broadened within a few years, James Guy Tucker, Little Rock district manager of the Social Security Administration, predicted yesterday.

Tucker told a meeting of the Arkansas Conference on Social Welfare that some 1,500 bills are pending in Congress which propose to change the Social Security Act. He said, however, that a tax increase will be needed to broaden the program because it could not be expanded with the money now

Nelms Home Destroyed by Fire

The home of Mr. and Mrs. Charles Nelms at 901 S. Main, was completely destroyed by fire early last night. There was no estimate of the loss. Mr. and Mrs. Nelms had not been at their home for the past three weeks.

The fire was turned in about 7:50 p.m. and by the time firemen arrived the entire inside was completely ablaze. It was a complete loss. Firemen did manage to save the home of Mr. and Mrs. W. O. Boone, next door. The Boone house was badly scorched on the north side and some of the roofing was melted.

Fire Chief Yocom said the origin of the blaze could not be determined immediately.

Firemen also were called to the Horace Anthony Mill yesterday where they put out a woods and trash fire. This occurred about 3 p.m.

Aged Man Drowns Near Gravette

ROGERS, Ark. (AP) — David Sheldon Adams, 85, drowned yesterday after he apparently slipped from a footlog into a creek on his farm near Gravette.

By The Star Staff

Mr. and Mrs. W. O. Boone, whose house would have burned last night except for work of local firemen, had nothing but praise for the Hope Fire Department today.

"We certainly would like to make known our admiration and appreciation to members of the fire department, regular and volunteers, for their excellent job under very adverse circumstances in saving our home last night," the Boone home is next door to the Charles Nelms home that was a complete loss.

Sam Strong and J. E. Shuffield, local dentists, attended the 2nd annual state convention of the Arkansas State Dental Association in Little Rock this past weekend.

George Waldon of Hope has been named local fund drive chairman for this year's Crusade for Freedom in Arkansas. It was announced today by Cecil Cupp, Jr., Arkadelphia, district chair-

man. . . details of the drive locally will be announced later.

An annual meeting of teachers of District No. 3, Lafayette, Miller, Hempstead and Columbia Counties, will be held at Magnolia Friday starting at 5 p. m. . . normally school is dismissed a day each year for this meeting but due to the loss of time during the recent bad weather this year's meeting will be held at night.

A group representing the Hempstead Wildlife Association will meet with the residents of Bois d'Arc Township April 7 in the Fulton School . . . a movie on Africa will be shown . . . anyone wanting to go with the group should meet at Diamond Cafe before 7 p. m. April 7, according to Jerome Ludie.

Jerry Pant left last weekend for Ft. Jackson, S. C., where he will be stationed following his enlistment in the U. S. Army.

Committee Asked to Okay Funds to Start Millwood Project

Sections Sealed Off by Police in South Africa

By ADRIAN PORTER

CAPE TOWN, South Africa (AP)—Two South African white policemen hacked to death today in a new suburb of race rioting at the big Nyanga Negro settlement east of Cape Town.

The outbreak came as police with armored cars ranged through Nyanga, beating up Africans in an attempt to get them to go back to work, witnesses reported.

Witnesses said the police, backed by troops, used gunfire, whips and clubs on rebellious Negroes as they did Monday.

Col. V. Reay, acting deputy police commissioner for Cape Town, confirmed that the police had opened fire but said only warning shots were fired over the heads of Africans who gathered.

Reay said the police entered Nyanga Township to offer protection for Negroes who wanted to go to work and to round up "intimidators" preventing them.

Africans in the township claimed police smashed windows and doors of houses and ordered Negroes into the streets. If they refused, they were dragged out and beaten, they said.

Other reports from the township said Africans had decided to resist police and began gathering, armed with sticks and rocks. It appeared that, when police saw Africans banding together, they charged in to scatter them.

Just before dawn helicopters dropped leaflets, telling laborers in the township to go to work before 8 a.m. and warning against forming groups. Helicopters flying low over Nyanga broadcast the message. A military cordon, clamped around Nyanga since Monday, was lifted at dawn but Continued on Page Six

PSC Asked to Protect Co-op

LITTLE ROCK (AP)—The Arkansas Public Service Commission was asked yesterday to protect the Carroll Electric Cooperative from what the co-op called an invasion by another power company.

The co-op said Southwest Power Co. contracted to serve a new disposal plant built by the city of Rogers, within Carroll's service area. It said this was an invasion by Southwest.

No hearing date was set.

Flood Danger Eases Along Mississippi

By THE ASSOCIATED PRESS

A new rise sent the Mississippi River over the top of a levee and caused fresh alarm at other points today.

The Missouri River broke through a dike and spread across additional acres of land.

The Mississippi spilled over a levee in two places south of Clarksville Mo., about 70 miles north of St. Louis, and began flowing into 5,000 acres of rich farmland. State Route 79 was closed.

Sheriff Charles Dunn reported that 100 persons had fled from that area.

A break in a levee near Augusta Mo., poured Missouri River waters over 2,000 acres of fertile bottomland.

The swollen Mississippi had dropped after bursting levees north of Quincy, Ill., early Monday. But the high river rose again today in that area.

A new appeal for flood workers came from Gregory Landing on the Missouri side near the southern border of Iowa.

Break throughs were threatened in two places in the barrier at the northern edge of the Gregory Landing district.

The Mississippi swelled anew at Canton, Mo., and National Guardsmen relieved civilians on levee patrol duty there.

The river approached the top of the levee at Ashburn, Mo.

The spring floods in the Midwest, hitting hard at Nebraska and Iowa and also causing trouble in Wisconsin, Kansas, South Dakota and Michigan, have forced evacuation of 28,000 persons from their homes, the Red Cross estimated. A spokesman predicted the number would rise to 40,000 before the waters recede.

The Missouri, which Army engineers said already has inundated more than 500,000 acres of land, continued to rise. Army engineers, after an aerial inspection of the Missouri basin, estimated damage at about 5 million dollars.

The flooding at St. Joseph, in northwest Missouri, was the second worst of the century, second only to the 1952 spring overflows, but damage was not heavy. Subsidings of the North Grand and Continued on Page Six

17th Kiwanis Minstrel This Week

Hope Kiwanis Club will present its 17th annual minstrel Thursday and Friday nights in the auditorium of Hope High School at 8 o'clock.

Written and directed by a special committee of Kiwanians, the annual attraction has meant more \$18,500 to the youth program of Hope in the past 12 years.

The cast of near 60 is composed mostly of Kiwanis Club members. The show is timed at 1 hour and 45 minutes with a 15-minute intermission.

Cast as end men are such veteran performers as Eddie Whitman, Andy Caldwell, Paul O'Neal, Harry Hawthorne, Guy Grigg and Tom Purvis. Serving as intercomedian will be Dak Dunn. Mrs. Eva Heynerson will be an accompanist at the piano.

Six specialty acts are included in the first half of the show, with an additional four specialties following the intermission.

Tickets have been on sale for several days and all indications point to large crowds for each performance. Three grade schools are competing for the honor of Kiwanis Queen, and she will be crowned by President Henry Seamans on Thursday night.

The Junior High School also will be represented with a Kiwanis Queen on Friday night with appropriate ceremonies.

First showing of the minstrel this year was to be held tonight in the Blevins Community with all proceeds going to the Senior Class of Blevins High.

\$4 Million for Red River Work Sought

WASHINGTON (AP)—A House Appropriations Subcommittee has been asked to approve \$4,122,000 for work on the Red River program.

This is less than the \$4,372,000 budgeted by President Eisenhower.

L. R. Mathias of Shreveport, La., executive vice president of the Red River Valley Assn., was chief spokesman of a delegation which appeared before the subcommittee yesterday.

He said the budget listed two million dollars for Cooper Dam and Reservoir in Texas, but that because of right of way delays Army Engineers said they could get along with only \$250,000. The association wants some other appropriations which were not included in the budget.

It asked money to start construction of Millwood Reservoir in Arkansas and Broken Bow Reservoir in Oklahoma, both on the Little River, a Red River tributary. Eisenhower's budget did not include either project.

Mathias said Army Engineers could use \$50,000 for preliminary construction on the Millwood and Broken Bow projects.

The group also called for \$50,000 for a comprehensive study of the proposed Red River navigation project along with flood control and bank stabilization programs.

The delegation asked \$10,000 each for planning River Cooper Reservoir and for a Red River pollution abatement study. These items are not in the budget recommendations.

The group concurred in some budget recommendations and asked that the Red River bank stabilization allotment be increased from \$700,000 to \$1,000,000.

The group also supported these budget recommendations for Arkansas River projects:

Arkansas—Dardanelle Lock and Dam \$6,100,000; Arkansas River bank stabilization \$5,000,000; Arkansas River survey \$381,000.

Oklahoma—Keystone Reservoir \$17,400,000; Oologah Reservoir \$3,700,000; Eufaula Reservoir \$20,700,000.

Kansas — Council Grove Dam \$150,000 planning money; Cow Creek, Hutchinson, \$23,500 for survey.

Senior Play to Be Staged April 28-29

"So We'll Just Pretend" is the play to be presented by the Senior Class at Hope High School on April 28-29 according to an announcement by Mrs. B. B. McPherson, director. It is the story of sorority and campus life at a university.

The cast includes: Sherrie Hankins as Mary Brown; Johnny Snell as Ted Lonsdale; Joe Crain, the college president; Carolyn Yarbrough, dean of women; and a group of sorority sisters will be played by Suzanne Samperville, Julia Peck, Sandra Russell, Judy Kay Wright, Edwina Whitman and Shirley Allen.

A group of fraternity brothers will include Freddy Smith, Jim McElarty, Teddy Jones Jr. and George McGill, while the comedy team of Sugah and Raskus will be played by Billie Wilkinson and Byron Smiley. Rounding out the cast will be Barbara Thompson as a police woman; Joe Parris, a policeman; Teddy Messer, a plain clothes man; and Johnny Turner, a taxi driver. Sharon Foster will be the student director or prompter.

Lions Hear a Musical Program

An outstanding music program was presented to Hope Lions Club members yesterday arranged by Dr. Harold Brechts.

Mrs. E. J. Ogran sang three songs from the stage play, "The Music Man," "Gary, Indiana," "Marian, the Librarian," and "Till There Was You."

Ogran was accompanied by Mrs. Jim Edwards on the piano, who rendered the solo, "Fantasy Impromptu" by Chopin. Also on the program were the Lions Club Quartet, composed of Andy Andrews, Fred Holder, Orville Taylor and Dr. Lowell Harris. The quartet sang two selections, "Kid in Down the Canyon" and "She Was More To Be Pity Than Censured."

Lion vice president James Morrow presented Certificate of Membership to new Lions Haskel Jones and Dub Flowers. Judge Lyle Brown was a guest.

Local citizens are reminded of the annual bazaar sale sponsored by the Lions Club to be held Tuesday night, April 19. Proceeds go to purchase eye glasses for children of this area who cannot afford to buy them.

Never Know Film Queens Out of Work

HOLLYWOOD (AP) — Most of the glamour queens of Hollywood are out of work—but you would never know it from the gowns they wore at Monday night's Academy Award shindig.

Despite the month-old actors' strike, which put a pall over the 32nd annual Academy Awards, such designers as Dior-St. Laurent, Don Loper, Jean Desses, Sophie, Edith Head, Howard Shoup made a mint.

Olivia de Havilland, Oscar winner Simone Signoret and nominee Elizabeth Taylor all were stunning in Parisian originals.

Miss De Havilland wore a Dior-St. Laurent creation, a black and gray print on red background with harem skirt.

Miss Taylor, always a top Parisian customer, wore a ballroom-length gown of yellow chiffon, with a draped bodice.

Stella Stevens, a Memphis belle, was decked out in an orchid and silver silk shantung gown. Angie Dickinson was stunning in a fitted gold brocade.

Felicia Farr sported a pink satin gown decorated with thousands of hand-sewn beads.

Doris Day wore a two-piece, floor-length sheath silhouette, covered with diamond-like beads and weighing 30 pounds.

Shelley Winters, who went home with an Oscar, was the only one who showed up with a bustle. She sported the fetching rumblescent on a long, black formal with a scoop neckline. One of the most attractive of the younger set was Susan Kohner, who wore a chiffon gown. Miss Janet Leigh, gift from husband Tony Curtis, wore a

President in Praise of V. President

By GEOFFREY GOULD

WASHINGTON (AP) — With a partisan crowd cheering his words, President Eisenhower praised Vice President Richard M. Nixon and struck back lustily Monday night at Democratic critics of his defense policies.

"Our nation is the most powerful in the world," Eisenhower said, "and only the ignorant and the blind insist it to be otherwise."

The President chose the Republican Women's National Conference as the forum for his opening salvo of the party's campaign to elect Nixon as his successor. The speech, a preview of the kind he is likely to make as the campaign progresses, contained some sly digs at Democratic presidential hopefuls.

About 7,000 persons heard his speech, cheering both Eisenhower and Nixon, who introduced the President and lauded the record he has made.

Eisenhower's praise of Nixon was unstinting. He said Nixon has been "a credit to the administration, our party, and our country." Since 1952 he has gained nearly eight years of added governmental experience at the highest level — a tour of seasoning unmatched in the nation's history. All of us know him as a man of integrity and deep faith.

At another point, Eisenhower said "It's not my purpose tonight to take off into oratorical orbit—already we have a number of senatorial hopefuls doing that, each hoping to scramble into the chair I shall soon vacate." Since Nixon is opposed for the Republican nomination, the senatorial hopefuls he glibed at could only be Democrats.

Capitol Hill reaction came quickly from Sen. Mike Mansfield (D-Mont.), assistant Senate Democratic leader. Mansfield called it a "good partisan speech" but said Eisenhower failed to tell the American people "the facts of life as they are both at home and abroad."

"The President refers to people who criticize our defenses as being both blind and ignorant," Mansfield said. "He must be referring to individuals within his own administration, such as General Thomas S. Power (head of the Strategic Air Command) and Maxwell D. Taylor (former Army chief of staff) and such individuals as Sen. Barry Goldwater (R-Ariz) — who wants more B70s — and Sen. Norris Cotton (R-NH) who wants more Polaris submarines."

"Maybe he has in mind (Werner) Von Braun and Gen. (John B.) Medaris, both of whom are unhappy over our space and missile programs," Medaris recently retired as head of the Army Ballistic Missile Agency with a blast at administration defense policy. Von Braun heads the rocket scientist team at Huntsville, Ala., and has generally avoided any open criticism.

Negroes Have Battlecry in Boycott Fight

By THE ASSOCIATED PRESS

A new battlecry, "No fashions for Easter," has been sounded in the fight by Negroes for equal treatment in Southern business establishments.

Dr. Vivian Henderson, an economics professor at Fisk University, Nashville, Tenn., urged more than 500 Negroes at a meeting in Nashville to continue boycotting downtown business firms, even to the point of passing up Easter finery.

The boycotts were begun two weeks ago in support of efforts to end racial segregation at lunch counters. Henderson said, "Millions of dollars are being lost by the city of Nashville over a 25-cent hamburger."

In Memphis, Tenn., a two-week truce was broken when eight Negro students were arrested Monday at public libraries restricted to white persons.

Two Negro ministers and 10 students drew fines of \$100 and 180 days in jail each after being convicted in Birmingham, Ala., Monday night on charges resulting from sit-in demonstrations.

One of the ministers, the Rev. F. L. Shuttlesworth, drew the same penalty on yet another charge—giving a false report to police. The charge was in connection with the report a Negro had been a victim of a castration attempt by white men.

All 12 of those convicted said they would appeal.

Not all of the racial trouble was in the South. Two Portland, Ore., Negroes were charged with the senseless beating to death of a white man. Paul Arnold Machen and Charles Ivan Patterson Jr., both 21, were charged with murder. Police said they had been drinking and one of them reported they became upset over racial troubles in Africa and the South and wanted to do something about it.

17 Forest Fires Out of Control

By THE ASSOCIATED PRESS

Seventeen forest fires raged out of control in north Arkansas today, and State Forester Fred Lang warned that woodland conditions would remain dangerous until the weather brought relief.

The worst hit area was near Salem in Fulton County, where 10 fires burned more than 27,000 acres.

Another five fires in Sharp County destroyed 1,000 acres. Lang said at Little Rock that the fire outbreak was the worst in six years — since an extended drought in 1954.

"The combination of high winds and low humidity that we've had the past few days is ruining us," Lang said.

Over the weekend Forestry Department workers and volunteers put out 133 fires which blackened 7,783 acres. These were scattered over the state.

Since Jan. 1, the department has fought 418 fires which destroyed more than 52,000 acres of timberland.

Most of these fires were caused by persons who were careless while burning trash or grass, Lang said.

"These people have got to be extremely careful," he added. "A fire can get out of control mightily fast under these conditions."

Lang said he expected additional fires would be reported today.

The current fire outbreak has spanned the state, but the fires in south Arkansas mainly have been small ones.

Timber tracts in the south are smaller because they are broken up by more farmlands than in north Arkansas.

DOROTHY DIX Greater Love Hath No Man

Dear Dorothy Dix:

Two years ago I met and fell in love with a girl. She returned home over a year ago. I have not seen her since. Recently she wrote me that she is pregnant. I could not be the father. She asked for help. Evidently she has not told her mother and cannot or will not marry the father. I want to help her but I am at a loss as to what to tell her to do. She sounded so desperate. Please help me if you can. I am single.—Kaz

Dear Kaz: Since you love the girl, go see her. Get your facts first hand. If, after an appraisal of the situation, you still wish to help her, talk over ways and means with your minister, doctor or local social worker. Don't lose your head!

Dear Dorothy Dix:

I was employed as nurse's aide in a convalescent home. The head nurse quit. The owner was expecting another baby. My heart went out to her. I became nursemaid to her family and am as attached to them as if they were my very own.

Today (my day off), I stopped in to pick up my pay check and visit with my boss and the children. To my surprise, she treated me as if I were a complete stranger. I felt hurt. Can you advise me on a code of ethics for this job? — Concerned

Dear Concerned: Like you, I'm warm-hearted, friendly and sometimes impulsive but it has been my experience that a certain amount of dignity and reserve must be maintained in any employer and employee relationship. Be pleasant but keep your own counsel. Respect privacy and that holds for employer as well as employee. Don't worry about your boss's coolness. You had time for a visit. Maybe she didn't.

Dear Dorothy Dix:

Several months ago I began dating a boy. Then I began dating another, so I had two on the string, dating both at the same time. My parents did not like this idea as they thought I would get a bad name. Now I am getting tired of both of them and I don't want to hurt either boy's feelings by telling him I'm not going out with him any more. I like one as much as the other. What am I going to do? — Worried

Dear Worried: Just refuse next time either one asks for a date. You aren't in love with either.

Send your problem to DOROTHY DIX. Be sure to enclose a stamped, self-addressed envelope, and address her in care of this newspaper.

Collector Loses Tax Court Suit

WASHINGTON (AP) — IL A Zieglerhorn, 51, of Little Rock, Ark., has lost in U.S. Tax Court a suit contesting an Internal Revenue Service claim he owes \$4,520 in income tax for 1952.

The court yesterday sustained the position of the IRS. Involved was Zieglerhorn's claim that he was entitled to a \$28,657 worthless debt deduction. He had loaned this amount to a trucking concern which later became bankrupt.

The IRS disallowed the loss as a business loss deduction, holding it was a nonbusiness loss. The court, sustaining the IRS, said Zieglerhorn had failed to prove that he was in the business of making loans to business enterprises in 1952.

Date Set for Sale of Bonds

HOT SPRINGS, Ark. (AP) — The Hot Springs City Council last night set May 17 as the date for sale of \$1,300,000 in bonds approved at an election last November for construction of a municipal auditorium, airport improvements and building a new fire station.

The total bond issue approved was \$1,500,000, but officials said \$1,300,000 is the maximum allowable under the city's present assessed valuation. The bonds are supported by a five-mill tax levy.

Wisconsin Win Spells No Assurance

By JAMES MARLOW Associated Press News Analyst WASHINGTON (AP) - Winning the Wisconsin presidential primary in recent years has been like winning one free pass to the exit. So, even if Sen. John F. Kennedy (D-Mass) beats Sen. Hubert H. Humphrey (D-Minn) in the Wisconsin Democratic primary Tuesday, it's no assurance he will win the Democratic presidential nomination at his party's convention in Los Angeles.

Look what happened to Sens. Estes Kefauver and Robert A. Taft in the past two elections and, before them, to Harold Stassen. Tennessee's Kefauver won the Wisconsin primary twice in a row - in 1952 and 1956 - but both times later lost the Democratic presidential nomination to Adlai Stevenson who did not run in either primary.

Ohio's Taft won the Wisconsin Republican presidential primary in 1952 but then lost his party's presidential nomination to Gen. Dwight D. Eisenhower. The forever hopeful Stassen won in Wisconsin in 1948 only to be drowned out later when the Republican convention chose Gov. Thomas E. Dewey of New York for its presidential candidate.

In 1952 in Wisconsin Kefauver had no opposition except for a couple of stand-ins for President Truman. But Truman had already said he was not a candidate.

That year Kefauver won 14 out of 16 primary races. He had the primary all to himself in 1956, just a couple of weeks after beating Stevenson in the Minnesota primary.

The Tennesseean's experience tends to support what Truman said this past weekend: that primaries are "eyewash" and a "waste of time" and if a candidate wants to be nominated he

Wisconsin Vote Takes the Spotlight

By RILMAN MORIN MILWAUKEE (AP) - The nation's first big presidential primary election opened today in Wisconsin, putting the hopes of three main contenders to the acid test of the ballot box.

The polls opened at 7 a.m. and the total ballot was expected to exceed the record of one million-plus cast in 1952.

The weatherman predicted fair skies and a warm day. Election interest was at a fever pitch, stirred in large part by the appearance of a religious issue and the hard-fought campaigns of two Democratic candidates.

One of them, Sen. John Kennedy of Massachusetts, said his zero hour is at hand today. "If I am beaten," he said, "I'm out."

Kennedy is considered the leading candidate for the Democratic presidential nomination and the favorite to win the election in Wisconsin.

His opponent, Sen. Hubert Humphrey of Minnesota, says he won't quit the race, regardless of today's outcome.

Vice President Richard M. Nixon is running unopposed on the Republican ballot. He did not campaign in Wisconsin. Nevertheless, his showing will be compared to that of the Democratic candidates and the votes cast for GOP aspirants in previous Wisconsin primaries.

A great deal will become clear after the polls close at 8 p.m. As the only GOP candidate, Nixon already has the 30 delegates to the Republican National Convention.

Humphrey and Kennedy are battling for 30 Democratic delegate votes. They are allocated on the basis of 25 from the 10 congressional districts, plus five at-large delegate votes.

"I will consider it a victory if I win in six of the 10 districts and a majority of the popular vote," Kennedy said. "Anything above that is just gravy."

Humphrey, while less specific, said he would win the statewide total and a majority of the delegates.

Kennedy is a Roman Catholic. Humphrey is a Protestant.

New Attack Launched by Bennett

LITTLE ROCK (AP) - Atty. Gen. Bruce Bennett launched a new attack on the state administration yesterday, charging a tax formula had been changed to benefit big business.

He said the change, made in 1958, taxed utilities and railroads on stock value on a five-year average rather than a single year. He contended this enabled the firms to save on taxes.

Objects of his criticism were the state Public Service Commission and Assessment Coordination Division.

The director of utility assessments, Earl Berry, said he was responsible for the formula change, which he defended. He said he thought it would be fairer to the state because stock this year was at a peak. He added that he did not intend to argue with Bennett.

The PSC had no immediate comment.

Bennett, a candidate for governor, last week attacked the administration of Gov. Orval E. Faubus, charging that some out-of-state firms had gotten income tax favors. Faubus is seeking a fourth term as governor.

Khrushchev Plan Flatly Rejected

By MICHAEL GOLDSMITH GENEVA (AP) - The West today rejected Soviet Premier Nikita Khrushchev's plan for total disarmament, bringing the 10-nation conference to a deadlock. The Soviet Union previously turned down the West's proposal for gradual disarmament.

U.S. Ambassador Frederick M. Eaton declared the Soviet plan was so faulty it would threaten the world with anarchy.

Eaton also accused the Soviet Union of misrepresenting the motives of the U.S. government in the conference.

The American delegate labeled as untrue accusations made Monday by Soviet Deputy Foreign Minister Valerian Zorin. The Soviet delegate claimed the United States was trying to twist the negotiations to secure a military advantage.

Eaton and French disarmament expert Jules Mohr told the Communist bloc countries that the Soviet plan to disarm the world within four years is unacceptable in any form.

The Soviet plan, Eaton did, fails to conform to the objectives of the United Nations resolution calling for an effectively controlled disarmament system. It also fails to provide for an international police force, he said.

Thus, if the Soviet plan was adopted it would result "in the enslavement of small nations by their large neighbors," Eaton said.

Magazine Says North Has Sympathy

NEW YORK (AP) - Influential northerners are sympathetic with the South's integration problems, a national magazine reported yesterday, while Southern leaders generally feel the Negro is no better off in the north.

A survey by Newsweek showed that, although sympathetic, most northern leaders want to see integration in the South.

Its findings in the north showed many civic leaders "relatively uncritical of the South's response to its more pressing racial problems."

The magazine added, "Mostly they want to see the South integrate. But, like the South itself, they feel that ancient social customs cannot be changed overnight and it's perhaps best for the South—as well as Congress—to go slow."

An Arkansas, Forrest Rozzoli of Little Rock, Arkansas Education Assn. executive secretary, is quoted as calling on both sides of the integration controversy to stop being so critical of each other.

The survey found some Southern leaders willing to see some gradual progress toward desegregation.

A typical northern comment, the report said, was this one from Richard Warren, a publisher in Bangor, Maine: "Integration should be accomplished, but perhaps it is being forced down Southern throats too fast."

Alcohol Unit Uses a Boat

LITTLE ROCK (AP) - Federal Alcohol and Tobacco Tax Unit agents, who recently used a helicopter in a raid, took to the seas—or at least to a motorboat—to break up an Arkansas County still.

Agents who made the raid with Sheriff Harold Woodson said the still was accessible only by boat.

Clarence Wayne Moore, 21, of near Stuttgart, was arrested and charged with a liquor law violation.

negotiations to secure a military advantage.

Eaton and French disarmament expert Jules Mohr told the Communist bloc countries that the Soviet plan to disarm the world within four years is unacceptable in any form.

The Soviet plan, Eaton did, fails to conform to the objectives of the United Nations resolution calling for an effectively controlled disarmament system. It also fails to provide for an international police force, he said.

Thus, if the Soviet plan was adopted it would result "in the enslavement of small nations by their large neighbors," Eaton said.

The plan was first outlined to the U.N. General Assembly by Khrushchev last September.

The Soviets have rejected the Western plan for controlled disarmament by three stages, complaining that it does not provide for liquidation of military bases, that it sets no time limit for disarmament, and that it is in reality a plan for control of armaments, not for disarmament.

DeGaulle in London for 3-Day Stay

By EDDY GILMORE

LONDON (AP) - French President Charles de Gaulle's eyes dimmed with tears today as Queen Elizabeth II and 100,000 cheering Londoners welcomed him to London after an absence of almost 16 years.

His eyes filled at the stirring strains of "The Marseillaise," played against a background of world and personal history—a sweep of events and circumstance that could never be lost on a man like De Gaulle.

Sixteen years ago here in London the tall, starchy general led the Free French forces, battling against a sagging enemy and struggling with the Allies for recognition as an equal. The Allies often disagreed with him.

He returned today as President of the Fifth French Republic, more powerful than any Frenchman of his times.

The Queen welcomed De Gaulle at Victoria Station. This marked her first public engagement since the birth Feb. 15 of her third child, Prince Andrew. Spectators remarked that the Queen appeared as radiant as ever, but gained some weight.

She presented the French leader to a number of waiting British dignitaries including Prime Minister Harold Macmillan.

Outside the station the general found the famed Coldstream Guard and their band.

When the band launched into the French national anthem, De Gaulle choked up.

Later, with the Queen beside him, De Gaulle drove off to Buckingham Palace. The streets were lined with spectators.

De Gaulle and his foreign minister, Maurice Couve de Murville, arrived by train after flying from France to Gatwick Airport.

The visit is to last three days. He is officially visiting the Queen but the trip gives him a chance for talks with Macmillan.

LONDON (AP) - French President Charles de Gaulle arrived by jetliner today for a three-day state visit to Queen Elizabeth II.

Making his first visit to Britain since the island nation gave him drizzle at Gatwick Airport, 30 miles southeast of London. The president also will talk with Prime Minister Harold Macmillan about the economic split in Western

Europe and issues that will be discussed at the East-West summit conference next month.

The blue and white presidential plane "Lorraine" landed in a light drizzle at Gatwick Airport, 30 miles southeast of London. The Duchess of Kent greeted De Gaulle and his wife on behalf of the Queen, her niece.

Slayer of Negro Woman Sought

PRESCOTT, Ark. (AP) - Authorities are seeking the murderer of a young Negro woman, identified as Cleo Bonds, 21, whose badly decomposed body was found Saturday in a creek near here.

The family of the woman, from Malvern, identified the body yesterday. They said she left home Jan. 26 and had not been seen since.

Medical examiners said the woman had been shot in the head. The body, wrapped in heavy log chains, was found by a fisherman in Terre Rouge Creek.

State Police at Hope said a Negro was being questioned in the case.

THE STORY OF MARTHA WAYNE

Chisox, Eying Flag, Trade for Experience

By JOE MOOSHL
Associated Press Sports Writer

CHICAGO (AP) — The Chicago White Sox are still trading away youth and promise for experienced players in an effort to win a second straight American League pennant.

The White Sox Monday peddled catcher Earl Battey and first baseman Don Mincher plus \$150,000 for Roy Sievers, slugging outfielder-first baseman whom they have sought for years from Washington.

It was the third major deal since winning the pennant last fall in which the Sox have traded away promising youngsters for proven sluggers.

President Bill Veeck, having reached the top, is determined to keep the club there and he has been adding power to the attack without hurting the team's front line pitching and defense.

Aside from Battey, 24, and Mincher, 22, the Sox have traded away the likes of Johnny Callison, 21; Ron Jackson, 26; Norm Cash, 25, and Johnny Romano.

Swimming Pool Work Starts

— Hope Star photo

FAIR PARK SWIMMING POOL IS BEING REDECORATED and improved with a blue trim tile around the pool and the white concrete turns to sea mist blue when wet. The new diving boards are chrome and fiber glass and eight racing lanes are marked at the bottom of the pool. Actual construction of a brand new pool at Negro City park will get underway as soon as weather permits and completion will be in time for swimming this year.

Figures Giants Should Capture National Title

By JACK HAND
Associated Press Sports Writer

NEW YORK (AP) — A pennant should fly over San Francisco's new Candlestick Park next October because of key moves the Giants made during the off season to bolster their pitching and tighten their infield.

The addition of Billy O'Dell and Billy Loes, a southpaw starter and a right-handed relief man, plus the acquisition of second baseman Don Blasingame figure to give the Giants what they lacked last year when they blew the pennant in the last 10 days.

Billy Rigney's five-man staff ran out of gas in the stretch with Sam Jones trying to start and relieve. The hitters stopped hitting. The club lost seven of its last eight, including a vital three-game series with Los Angeles. Instead of worrying about the problems of playing a World Series in a ball park that was not completed, they settled for third place while Los Angeles and Milwaukee tangled in a pennant play-off.

Milwaukee is given the best chance of beating the Giants in this book with the Dodgers making it a three-way fight. Powerful Cincinnati with added pitching from Cal McLish and Bill Henry has an outside shot at the flag.

Pittsburgh, hoping for a solid comeback by Bob Friend, figures to fight it out with St. Louis for fifth, if Stan Musial can hold his spring training form for 100 games. Chicago's young pitching staff must continue to improve and

Richie Ashburn and Frank Thomas must bounce back from bad years if the Cubs are to improve. The Phillies appear headed for another term in the National League cellar despite a generous injection of new blood.

Here's the way it looks from here:

1. San Francisco
2. Milwaukee
3. Los Angeles
4. Cincinnati
5. Pittsburgh
6. St. Louis
7. Chicago
8. Philadelphia

When to Fish or Hunt Solunar Tables

Porkers Drop First Contest

FAVETTEVILLE, Ark. (AP) — The Arkansas Razorbacks seek revenge for their first baseball loss of the season in a second meeting with the University of Missouri today.

The Tigers blasted the Hogs 21-8 yesterday.

The score was tied 7-7 at the end of six innings. But then Missouri blasted 17 hits for 14 runs in the final three innings to hand the Porkers their first defeat in seven games. Missouri is 2-1.

Arkansas committed eight errors, several of them helping score runs. Missouri bobbled five times. John Seaveroff led the Tiger attack with five hits, including two doubles, and drove in four runs. Jerry Carlton and Jarrell Williams each had three hits for Arkansas.

Starter Darrell Peters took the loss. Reliever David Koch was the winner.

Washington Has Hopes in Thornberry

By MIKE RATHET
Associated Press Sports Writer

Washington's fearsome four some minus one, shopping around for a new partner to aid in the war against organized pitching, today began checking the credentials of Faye Maynard Thorneberry.

Thorneberry continued his torrid hitting along major league baseball's exhibition trail Monday, driving in the winning run with a seventh inning single as the Senators edged Kansas City 3-2 in the only game played.

With slugger Roy Sievers traded to Chicago's White Sox for catcher Earl Battey, first baseman Don Mincher and \$150,000, Thorneberry may be just the man to fill the depleted ranks.

A 28-year-old Tennessee who has kicked around the American League since he came up with Boston in 1952, Thorneberry crashed the Washington lineup last season and compiled a .251 batting average in 117 games. The outfielder-first baseman hit 10 home runs and accounted for 42 runs batted in.

Now he's the sensation of the Senators' training camp with his .462 batting average, and has been outshining the fearsome foursome's holdovers — Harmon Killebrew, Jim Lemon and Bob Allison.

Killebrew (42), Lemon (33), Allison (30) and Sievers (21) slugged 126 home runs during the 1959 campaign and a little more power from Thorneberry could make up for the departure of the aging Sievers.

While Thorneberry drove home the clincher against the A's, Killebrew and Lemon started the Senators on their way to their seventh victory in 20 games by driving home two runs in the first inning with sacrifice flies.

The A's tied it in the second when Bob Cerv homered—his fourth of the spring—with a man on. Then, in the seventh, Lennie Green singled, advanced on a ground out and came around on Thorneberry's clutch hit.

only a few Africans came out to go to work.

After the police moved in and began their raids, the curfew was closed again, and no more Negroes were allowed out.

South Africa's white supremacy government appeared determined to force idle Negroes back to work. But reports spread that the 60 per cent who returned to their jobs Monday after a week's boycott might stay home again in protest against the latest police action.

Thirty-five persons were reported wounded by gunfire Monday when police cordoned off the Nyanga townships and combed its huts for Negroes who had not gone back to work. Police denied that many were wounded.

Hundreds of Negroes were reported beaten in Cape Town as police broke out rubber whips to clear the streets of trouble-

Masters Play Hampered by Heavy Rain

By WILL GRIMSLEY
Associated Press Sports Writer

AUGUSTA, Ga. (AP) — Drenching rains have turned the 24th Masters golf tournament, starting Thursday, into a prospective battle of muscle men and one of the most eminent of these, Sam Snead, says it could be his year.

"The way I'm playing, I just might do it," drawled the three-time winner from West Virginia today. "I don't know when I've hit the ball better."

"I'll tell you one thing — as heavy as this course is, no short knucker is going to win it."

One of the game's strongest players, Arnold Palmer, has been established as the advance favorite. Most of his competition is expected to come from such powerful hitters as Snead, Cary Middlecoff, ex-footballer Mike Soutchek and perhaps even the husky U.S. Amateur champion, Jackie Nicklaus.

Nicklaus, a blond, 200-pound package of power from Columbus, Ohio, trudged around the Augusta National Course in a driving rain Monday in 69, three under par. It was the best score of those rash enough to brave the elements.

No amateur ever has won the Masters.

Snead played a full 18 holes and was even par although experimenting with his long irons. Ben Hoggan gave up after eight holes and said, "I don't have a chance."

Palmer, the year's leading money winner, didn't even come out.

Callison went to Philadelphia for third baseman Gene Deese, 26. Jackson was peddled to Boston for southpaw pitcher Frank Baumann, 26. Cash Romano and Bubba Phillips, 3, went to Cleveland for Minnie Mino-so who is anywhere from 37 to 40—no body knows for sure, probably not even Minnie.

Freese will play third base, Mino-so left field. But the 33-year-old Sievers is a question mark. Manager Al Lopez has indicated Sievers will be used as a pinch hitter and insurance for first baseman Ted Kluszewski and Mino-so.

Tulita in the South Pacific has an area of 402 square miles and a population of about 2,000.

Flood Danger

Continued from Page One

Chariton rivers was expected to bring a slight drop in the Missouri at Booneville, in mid-Missouri.

A stage of 27.1 feet was reported at Hermann, Mo., a small community west of St. Louis. A crest of 29 feet was expected Thursday night, with danger of flooding some 20,000 acres of levee protected land.

At St. Charles, a town of about 14,500 near St. Louis, the stage was 30 feet and another 2½ feet is expected by Friday with overflows threatening to cover 10,000 acres of farm land.

The Missouri and Mississippi converge just above St. Louis but no serious damage was expected.

Flood threats in most other Mid-

west states appeared over but in the East, the swollen Hudson River in New York spilled over its banks into streets and homes in the upper valley area. More than 3 families were evacuated from their homes at Waterford, N.Y., as overflows from the Mohawk and Hudson rivers covered a six-block area.

The flooding Hudson also forced families to evacuate their homes in Troy, Pleasantdale and Kingston, N.Y. An 18-block area was under a foot of water in Troy.

The Susquehanna River began to recede after rampaging through Oneonta and several smaller towns, forcing more than 400 families from their homes.

There's a small settlement in Marion county named Marhattanna, a combination of the names of three daughters of Col. W. A. Webber, Mary, Hattie and Anna.
